1. System Overview

Fit Me is an enterprise-grade gym management platform purpose-built for **Fit Me Fitness Club, Pitigala**, Sri Lanka. It combines:

Module	What It Does
Membership Management	Subscriptions, plans, renewals, discount tracking
Biometric Access Control	ZKTeco turnstile integration (face, fingerprint, RFID)
Role-Based Dashboards	5 roles: Super Admin, Admin, Front Desk, Coach, Member
Point of Sale (POS)	Gym bar drinks, supplements, snacks, gear
Staff Payroll	Shifts, attendance, EPF/ETF, advance deductions
Sri Lankan Nutrition	Local food database, meal logging, macros
Assessment Forms	Digital Nutrition & Workout Assessment (PDF equivalent)
Financial Reporting	Revenue, expenses, payroll CSV exports, EOD reports
Public Website	Contact forms, membership registration, testimonials

Technology Stack

```
Backend:  Django 6 (Python)
Frontend: Next.js 16 + Tailwind v4 (fitme-ui/)
Database: SQLite (dev) → PostgreSQL (prod)
Hardware: ZKBio CVAccess (turnstile) + Bridge Daemon
Auth:     django-allauth + RBAC Groups
Hosting:  Render (backend) + Vercel (frontend)
```

---

2. User Roles & Access

Every user is assigned exactly one role. The system automatically routes them to their dashboard on login.

Role	Dashboard URL	Who Uses It	Key Permissions
`super_admin`	`/dashboard/admin/`	Gym Owner / Director	**Full authority**: plan creation, data overrides, discount waivers, role management, payroll finalization
`admin`	`/dashboard/admin/`	Club Manager	Daily operations, attendance, reports, POS, member rosters. **Cannot** create plans or override subscription data
`front_desk`	`/dashboard/front-desk/`	Reception Staff	Member check-in queue, walk-in applications, biometric enrollment, POS receipt printing
`coach`	`/dashboard/coach/`	Trainers / PT Coaches	Athlete rosters, workout planning, nutrition guidance, assessment review
`member`	`/dashboard/member/`	Gym Members	Personal portal, body stats, food log, attendance streak, active pass

> **NOTE:**
>
> Demo credentials: `admin` / `fitme123!`, `frontdesk` / `fitme123!`, `coach_kamal` / `fitme123!`, `member_kasun` / `fitme123!`

---

3. Logging In & Navigation

Accessing the Portal

1. Navigate to `http://your-domain.com/login/` (or `/user/login/`)
2. Enter your **username** and **password**
3. The system **automatically redirects** you to your role dashboard

URL Structure

URL	Purpose
`/dashboard/`	Auto-redirect based on role
`/dashboard/admin/`	Super Admin & Admin panel
`/dashboard/front-desk/`	Front desk operations
`/dashboard/coach/`	Coach portal
`/dashboard/member/`	Member self-service
`/pos/`	Point of Sale register
`/register/`	Public membership registration form
`/receipt//`	Thermal receipt viewer (printable)
`/admin/`	Django admin panel (Super Admin only)

Password Reset

1. Click **"Forgot Password?"** on the login page
2. Enter your registered email address
3. Check email for reset link (valid for 24 hours)
4. Click link → set new password

---

4. Super Admin Dashboard

URL: `/dashboard/admin/`

Access: `super_admin` role (+ `is_superuser`)

The Super Admin dashboard is the **master control center** of Fit Me. It contains all Admin features **plus** exclusive controls.

4.1 Key Metrics Panel

At the top of the dashboard you'll see live counters:

Metric	Description
Active Members	Members with a valid, active subscription today
Expiring Soon	Subscriptions expiring within 7 days
Today's Revenue	All membership payments collected today
Monthly Revenue	Total membership revenue this calendar month
On Floor Now	Members who punched in and are currently in the gym
Staff Present	Staff members on an active shift

4.2 Member Roster

- View all members, filter by status (active, expired, pending)
- Click any member to view **full profile** including:

- Personal info, NIC/Passport, blood group, medical conditions
- Current subscription details and payment history
- Biometric PIN and hardware access status
- Body check-in history
- Assigned coach and training program

Member Actions (Super Admin Exclusive)

- **Toggle Biometric Access** — Revoke or restore turnstile access
- **Override Subscription** — Manually change status, dates, or amount
- **Assign Coach** — Link a member to a specific trainer
- **Assign Program** — Set their active gym training program
- **Reset Password** — Force password reset for any user
- **Toggle Active/Inactive** — Disable/enable login for a user

4.3 Plan Builder (Super Admin Exclusive)

Create / Edit Membership Plans:

1. Scroll to **"Membership Plans"** section
2. Click **"+ Create New Plan"**
3. Fill in:

- **Plan Name** (e.g., "Monthly Package")
- **Plan Type** — choose from standard membership types
- **Monthly Price (LKR)** — effective payable amount
- **Original Price** — displayed for discount showing
- **Discount Amount** — promotional reduction shown on receipts
- **Registration Fee** — yearly admission fee (Rs. 0 for students)
- **Duration Days** — validity period
- **Max Members** — 1 for individual, 2 for Couples, 3 for Family
- **Entry Time Window** — optional biometric access hours (e.g. 06:00–22:00)
- **Active/Inactive** — hide from front desk while inactive

4. Click **"Save Plan"**

> **TIP:**
>
> To run a temporary promotion, update "Original Price" and "Discount" fields — these print on receipts as a crossed-out price showing savings.

4.4 Subscription Overrides & Concessions (Super Admin Exclusive)

For billing adjustments, custom discounts, or granting complimentary passes:

1. Navigate to **2. Members & Access** (`#tab-admin-members`)
2. In the Registered Member Directory, click **"Data Override"** (`fa-sliders-h`) next to the member's subscription
3. The **Master Data Override: Subscription** modal will open with the **Special Concession & Fee Waiver** engine:

- ■ **100% Free (Full Off)**: 1-click preset that zeroes the payable amount (`LKR 0.00`), sets the status to Active (unlocked at turnstile), selects Management Comp, and generates an official complimentary voucher.
- ■■ **50% Off / -Rs. 1,000 Off**: Instant percentage or flat discount reduction.

- **Concession Payment Settlement**:

- **Pending Front Desk Counter Billing (Default & Recommended)**: Concession is approved, subscription is set to *Pending Payment*, and the turnstile remains locked. The member pays the remaining balance at the front desk counter via **Record Payment / Quick Renew**, where the receptionist collects the net balance and unlocks the gate.

- **Cash Collected Now by Admin**: Super Admin received the cash at their desk; arms turnstile and issues receipt immediately.

- **Reason Category (Mandatory)**: Select *VIP / Brand Ambassador*, *Staff Perk*, *Management Comp*, *Hardship*, or *Member Retention*.

- **Live Calculation**: Displays Standard Plan Price, Savings Badge, and Net Payable.

4. Click **"Apply Data Override"** to save to the **Membership Discount Audit** ledger.

4.5 Discount & Complimentary Pass Auditing

All concessions are permanently tracked in the **Membership Discount Audit** log (`#tab-admin-audit` • **Concessions & Waivers** and `/admin/membership/membershipdiscountaudit/`):

Field	Purpose
Discount Type	Full Waiver (100% Free), Percentage %, or Flat LKR
Original Price vs Payable	List price before discount vs net amount collected (or remaining balance due)
Settlement Status	*Comped Free Pass*, *Settled @ Counter (Receipt #)*, or *Pending Front Desk Billing*
Reason Category	VIP/Sponsor, Staff Perk, Management Comp, Hardship, Retention
Authorized By	Super Admin username who signed off on the concession
Justification	Written business rationale

4.6 User & Role Management

Navigate to **Admin** → **Users** (`/dashboard/admin/users/`):

- **Create New User** — add staff, coaches, or members manually
- **Update Role** — change group assignment (super_admin, admin, front_desk, coach, member)
- **Toggle Active** — disable/enable user login
- **Reset Password** — set a temporary password
- **Audit: Align Roles** — auto-fix inconsistent role/group assignments

4.7 Training Programs

Manage the gym's program catalog:

- **Create Program** with: title, category (Hypertrophy/Fat Loss/Strength/HIIT/Calisthenics/PT), difficulty (Beginner/Intermediate/Advanced), duration weeks, sessions/week, description, key features
- **Edit** or **Delete** existing programs
- Programs can be **assigned to members** by coaches and admins

4.8 Announcements

Post gym-wide broadcasts:

1. Click **"Post Announcement"**
2. Enter title, content, and priority:

- **Info** — general notices (blue)

- **Warning** — operational notices (yellow)

- **Critical** — urgent/important (red)

3. Announcements appear on all role dashboards

4.9 Testimonials Management

- **Toggle visibility** of member transformation stories
- Stories include: before/after photos, weight loss/muscle gain data, duration, and member quote

4.10 Staff Operations

See Section 12 for full payroll documentation.

Super Admin exclusive actions:

- **Finalize Payroll** — lock a monthly payroll ledger (no more edits)
- **Adjust Payroll** — manually override any payroll line item with reason
- **Issue Salary Advance** — record mid-month cash/bank advance (auto-deducted from payroll)
- **Generate Payroll Thermal Slip** — printable 80mm salary slip

5. Admin (Club Operations) Dashboard

URL: `/dashboard/admin/`

Access: `admin` role

The Admin shares the same dashboard URL as Super Admin but has **reduced permissions**. Plan creation, subscription overrides, and user role changes are locked.

5.1 Daily Operations

Member Lookup (Front Desk Quick Search):

1. Type a name, username, phone, or biometric PIN in the search bar
2. Results load instantly via API
3. Click a member to view status, active pass details, and entry log

Record Payment:

1. Go to member profile → **"Record Payment"**
2. Select plan, enter amount paid, choose payment method:

- Cash at Counter
- Card / POS Machine
- Bank Transfer
- Online Payment

3. System auto-generates a **thermal receipt** (FM-RCP-YYYY-XXXX format)
4. Receipt includes: member name, plan, validity dates, line items, payment breakdown

5.2 Applications Queue

Walk-in and online membership applications appear here:

Column	Meaning
Applicant Name	Full name from registration form
Plan Requested	Desired membership package
Applied At	Timestamp of application
Status	Pending / Approved / Rejected

Approve Application:

1. Click the application
2. Review 8 sections: personal info, emergency contact, plan, goals, medical, trainer need, payment, T&C
3. Click **"Approve"** → system auto-creates member account + subscription
4. Member receives email with login credentials

Reject Application:

1. Click **"Reject"** and enter rejection reason
2. Application status updates; no account created

5.3 Staff Attendance Management

- **Clock Staff In/Out** — manual attendance entry by admin
- **View Today's Roster** — see all on-floor and off-floor staff
- **Resolve Absence Alerts** — acknowledge sudden departure alerts

5.4 Absence Alerts

When a staff member **leaves the floor unexpectedly** (without an approved leave), a critical alert is triggered:

- Alert shows: staff name, departure time, minutes off-floor
- Admin clicks **"Resolve"** and adds notes (e.g., "Personal errand, approved verbally")

5.5 Financial Reports

Available Exports (CSV):

Report	Content
Financial CSV	All membership payments by date range
Members CSV	Full member roster with plan and status
Expenses CSV	OPEX expense ledger
Payroll CSV	Staff net salary breakdown

End-of-Day (EOD) Report:

- Navigate to `/dashboard/admin/reports/eod/`

- Shows: today's revenue, payment methods breakdown, new members, renewals, POS sales
- Printable format for end-of-shift reconciliation

---

6. Front Desk Dashboard

URL: `/dashboard/front-desk/`

Access: `front_desk` role

Designed for reception staff managing the gym entrance.

6.1 Member Quick Lookup

1. Type member name, phone, PIN, or username in the search box
2. Card appears with:

- Member photo
- Active subscription status and days remaining
- Biometric PIN
- Entry/exit history

3. **"Ping Member"** — send a notification to the member's portal
4. **"Resend Invite"** — resend login credentials email

6.2 New Walk-In Registration

Click **"+ New Application"** to open the 8-section registration form:

Section	Fields
1. Personal Info	Full name, email, phone, DOB, gender, NIC/Passport, address
2. Emergency Contact	Name, relationship, phone
3. Payment Plan	Desired plan, duration, start date
4. Fitness Goals	Primary goal selection
5. Medical	Conditions, medications, blood group
6. Trainer Need	Personal trainer required? Preferred coach?
7. Payment	Admission fee, monthly fee, discount, total, payment method
8. Terms	Agreement checkbox

After submission, application goes into the **Pending** queue for admin approval.

6.3 Biometric Enrollment

After a member's subscription is approved:

1. Open their profile → **"Enroll Biometrics"**
2. Click **"Enroll Fingerprint"** — triggers 3-tap enrollment on turnstile terminal
3. Click **"Upload Face Photo"** — uploads member photo to ZKTeco face recognition
4. Member receives a unique **biometric PIN** (auto-assigned, 4 digits)

> **NOTE:**
>
> The turnstile terminal IP is `192.168.1.23`. Enrollment commands are sent via the ZKBio bridge daemon and executed on the hardware in real-time.

6.4 POS Sales at Front Desk

Front desk staff can process sales:

1. Navigate to `/pos/` or click **"POS Register"**
2. Add products by clicking category tiles, then item tiles
3. Set quantity for each item
4. Select customer (member lookup or "Walk-in")
5. Enter payment method and amount received
6. Click **"Complete Sale"** — system prints receipt and deducts stock

6.5 Receipt Printing

- All membership receipts: `/receipt//` — **optimized for 80mm thermal printer**
- Click **"Print"** or use browser print (Ctrl+P)
- Receipt shows: Fit Me logo, member name, plan, line items, payment breakdown, PIN, validity dates

---

7. Coach Dashboard

URL: `/dashboard/coach/`

Access: `coach` role

7.1 Athlete Roster

See all members **assigned to you** as their coach:

- Name, photo, plan, last check-in, body stats
- Days since last workout log
- Active program assigned

7.2 Assessment Review Queue

When members submit **Nutrition** or **Workout Assessments**, they appear here:

1. Click **"Review"** on a pending assessment
2. Read all 12 sections of the member's self-report
3. Fill in your **Coach Plan**:

- For Nutrition: daily calorie target, protein (g), carbs (g), fat (g), water (ml), plan notes
- For Workout: training days/week, session duration, cardio recommendation, assigned program, plan notes

4. Click **"Submit Review"** — member's assessment status updates to "Reviewed"

7.3 Meal Review

If a member logs a meal for coach review:

1. Meal appears in coach queue
2. Coach clicks **"Approve"** or **"Suggest Changes"** with feedback notes

7.4 Workout Logging (on behalf of member)

Coaches can log workout sessions for members:

- Exercise name, sets, reps, weight (kg), session name, notes

7.5 Body Measurements Logging

Record monthly check-in measurements:

- Weight (kg), body fat %, muscle mass (kg), waist, chest circumference
- Front and side progress photos (uploaded)

7.6 Assign Programs & Coaches

- **Assign Training Program** — select from the gym's program catalog
- **Assign Coach** — transfer a member to another coach (Super Admin/Admin can also do this)

7.7 Set Nutrition Targets

Set personalized macros for a member:

- Calorie target, protein (g), carbs (g), fat (g)

---

8. Member Dashboard

URL: `/dashboard/member/`

Access: `member` role

8.1 Active Pass Card

At the top: your current gym pass showing:

- Plan name
- Valid from → valid until dates
- Days remaining
- Current status (Active / Expiring Soon / Expired)
- Your unique **biometric PIN**
- Quick **"Self-Renew"** button

8.2 Sri Lankan Fuel Rings

Daily nutrition summary displayed as **rings** (inspired by Apple Activity rings):

Ring	What It Tracks
■ Protein	Grams consumed vs. your daily target

■ Carbs	Grams consumed vs. target
■ Fat	Grams consumed vs. target
■ Water	Milliliters logged vs. daily goal

8.3 Food Logging

Log a Meal:

1. Click **"+ Log Meal"** or **"Quick Meal"**
2. Search the **Sri Lankan food database** (rice, curries, hoppers, kottu, etc.)
3. Enter portion size and meal timing (breakfast, lunch, dinner, snack, pre-workout, post-workout)
4. Save — macros auto-calculate and update your rings

Log Water:

1. Click **"+ Add Water"**
2. Select quick preset (150ml, 250ml, 500ml) or enter custom ml
3. Water ring updates immediately

8.4 Workout Logging

1. Click **"+ Log Workout"**
2. Select workout session name (Push Day, Pull Day, Legs, etc.)
3. Add exercises: name, sets, reps, weight (kg)
4. Add notes
5. Save — coach can view your logs

8.5 Body Measurements

Track your physical progress:

- Log weight, chest, waist, biceps, thighs circumference (cm)
- View historical chart showing your progress over time

8.6 Attendance Streak

Shows your **gym visit streak**:

- Days visited this week
- Total visits this month
- All-time total visits
- Last entry/exit timestamp

8.7 Assessment Forms

Submit Nutrition Assessment:

1. Click **"Nutrition Assessment"**
2. Fill 12 sections: personal info, goals, diet history, activity level, food preferences, current eating habits, supplements, medical conditions, sleep & stress
3. Submit — assigned coach receives it for review
4. Once reviewed, coach's personalized nutrition plan appears in your portal

Submit Workout Assessment:

1. Click **"Workout Assessment"**
2. Fill 8 sections: goals, gym history, physical measurements, equipment access, lifestyle/recovery, injuries, exercise preferences
3. Submit — coach reviews and creates your personalized training plan

8.8 My Programs

View your **currently assigned training program**:

- Program title, category, difficulty
- Duration (weeks), sessions per week
- Description and key features

8.9 Self-Renewal

1. Click **"Renew Pass"** on the member dashboard
2. System shows current plan and price
3. Submit renewal request — front desk/admin processes payment and activates

8.10 Partner / Buddy Membership

For **Couples** or **Family** plans, secondary members can see their linked subscription:

- Primary member name

- Shared plan details
- Individual biometric PINs

---

9. Membership Plans & Pricing

9.1 Current Plans (LKR) — Effective from 27th April 2026

Package	Original Price	Discount	Payable	Duration	Members	Reg. Fee
Monthly Package	Rs. 4,000	—	**LKR 4,000**	30 Days	1	LKR 1,000
3 Months Package	Rs. 12,000	Rs. 1,000	**LKR 11,000**	90 Days	1	LKR 1,000
6 Months Package	Rs. 24,000	Rs. 2,500	**LKR 21,500**	180 Days	1	LKR 1,000
Couple Monthly	Rs. 8,000	Rs. 500	**LKR 7,500**	30 Days	2	LKR 1,000
3-Person Family	Rs. 12,000	Rs. 1,000	**LKR 11,000**	30 Days	3	LKR 1,000
Student Package	Rs. 3,500	—	**LKR 3,500**	30 Days	1	**FREE**

> **IMPORTANT:**
>
> - **Student package**: Strictly for ages **18 and under** only. When a student turns 19, they must upgrade to a general package.
>
> - **Registration fee**: LKR 1,000 applies for **all new members** (except students). Existing members renewing pay only the package fee.

9.2 Personal Coaching Add-On

- Standard coaching fee: **LKR 7,000/month** (on top of membership)
- Coach commission per dedicated PT athlete: **LKR 4,000/month** (paid from coaching fee)
- Add-on appears as a separate line item on receipts

9.3 Couples & Family Plans

When using Couples (2 members) or Family (3 members) plans:

1. Primary member is enrolled first with the full plan
2. Admin links the secondary/tertiary members via **"Link Partner"**
3. Each member gets their **own unique biometric PIN**
4. All members share the same subscription validity period

---

10. Point of Sale (POS) System

URL: `/pos/`

Access: `front_desk`, `admin`, `super_admin`

10.1 POS Register Interface

The POS screen is organized as:

```
[Category Tiles] → [Product Grid] → [Cart / Order Summary] → [Checkout]
```

Product Categories:

- Drinks (water, energy drinks, protein shakes)
- Supplements (protein powder scoops, creatine, pre-workout)
- Snacks (protein bars, nuts, fruits)
- Gear (gloves, belts, resistance bands)

10.2 Processing a Sale

1. **Select Category** — click a category tile on the left
2. **Add Products** — click product tiles; they appear in the cart
3. **Adjust Quantity** — use +/- buttons in the cart
4. **Select Customer** — type to search members, or leave as "Walk-in Customer"
5. **Apply Discount** — enter a flat LKR discount if applicable
6. **Select Payment Method**:

- Cash

- Credit/Debit Card (POS Machine)

- Koko Pay (Buy Now, Pay in 3)

- Bank Transfer / QR Pay

- Member Account Tab

7. **Enter Amount Received** — change is auto-calculated
8. **Complete Sale** — click "Process Sale"

System automatically:

- Generates a receipt number: `FITME-POS-YYYYMMDD-XXXX-ABCD`
- Deducts stock quantities from inventory
- Records cashier name and timestamp

10.3 Stock Management

Dashboard Widgets:

- **Low Stock** — products at or below their threshold (warning badge)
- **Missing Stock** — products flagged from previous audit with discrepancies
- **Total Inventory Value** — cost value and retail value of all stock
- **Recent Sales** — last 15 transactions with receipt numbers

10.4 Inventory Audit

Periodically reconcile physical stock vs. system records:

1. Click **"Conduct Stock Audit"** on a product
2. Enter the **physical count** (units you actually counted on shelf)
3. Select **reason** for any discrepancy:

- Missing / Unexplained Stock Loss
- Physical Count Adjustment
- Damaged or Expired Stock
- Suspected Loss / Theft
- Supplier Invoice Discrepancy
- Gym Bar / Coach Demo Sample

4. Select **action taken**:

- Stock Level Adjusted
- Flagged as Missing (Pending Review)
- Reconciled & Closed

5. System calculates **financial variance** (units × cost price)
6. Products with discrepancies are flagged with a warning badge

10.5 Cash Drawer Audit

At the end of each shift, balance the cash drawer:

1. Click **"Cash Drawer Audit"**
2. Enter **Opening Float** (starting cash in drawer)
3. System auto-fetches **Recorded Cash Sales** total for the shift
4. Enter **Physical Cash Counted** in the till
5. System calculates discrepancy:

- **Balanced** — exact match ■
- **Shortage** — less cash than expected ■■
- **Overage** — more cash than expected (possible entry error)

6. Add notes and save

10.6 Refunds & Voids

- **Void** a sale (same-session error) — changes status to "Voided"
- **Refund** a completed sale — changes status to "Refunded"
- Both preserve the original receipt number for audit trail

11. Biometric Access & ZKBio Hardware

11.1 Hardware Setup

Component	Details
Device	ZKTeco Biometric Turnstile Controller
Device IP	`192.168.1.23`
Service	ZKBio CVAccess (localhost:8098)
Cloud Link	LiveU Cloud (via Cloudflare Tunnel)
Bridge Daemon	Node.js script: `scripts/zkbio_bridge_daemon.py`

11.2 Member Biometric Profile

Each member has a **BiometricProfile** linked to their account:

Field	Description
ZK PIN	Unique 4-digit hardware PIN (auto-assigned 1001+)
RFID Card Number	Physical card number (optional)
Face Enrolled	■ Face template on terminal
Fingerprint Enrolled	■ Fingerprint on terminal
Sync Status	Pending / Synced / Failed / Revoked
Disabled	Access revoked (expired subscription / suspended)

11.3 Verification Modes

Members can authenticate at the turnstile using:

Mode	Method
Face Recognition	Default — primary biometric
Fingerprint	Secondary option
RFID Card	Physical proximity card
Manual Override (Buzzer)	Staff-triggered 5-second relay pulse

11.4 Real-Time Door Events

Every punch is recorded in the **Door Access Log**:

Event	Meaning
Entry Granted	Member verified; turnstile opens
Exit Granted	Member punched out
Access Denied	Subscription expired or access revoked
Anti-Passback Blocked	Same member tried to re-enter within 60 seconds

11.5 Anti-Passback Rule

- **60-second cooldown** between punches from the same PIN
- Prevents tailgating or multiple entries
- Blocked attempts are logged as `ANTI_PASSBACK`

11.6 Automatic Access Control

When a member's subscription **expires**:

1. The bridge daemon detects the expiry
2. The biometric profile is set to `disabled = True`
3. Next punch at the turnstile returns **Access Denied**
4. After renewal and activation, access is automatically restored

11.7 Remote Commands

Admins can issue remote commands to the turnstile from the dashboard:

Command	Action
Enroll Fingerprint	Initiates 3-tap enrollment on terminal
Upload Face Photo	Pushes member photo to terminal

Remote Buzz	Pulses relay open for 5 seconds (door unlock)
Revoke Access	Deletes user from terminal

Commands queue in the database and are executed by the bridge daemon polling cycle.

11.8 Staff Floor Attendance via Biometric

Staff members' punches are used for **attendance tracking**:

- Morning punch-in → sets `morning_in` timestamp
- Morning punch-out → sets `morning_out` timestamp
- Evening punch-in → sets `evening_in` timestamp
- Evening punch-out → sets `evening_out` timestamp
- Late arrival and overtime are auto-calculated

---

12. Staff Payroll & Attendance

12.1 Shift Types

Shift Type	Hours
Full Split Shift	05:00–12:00 AND 15:00–21:00
Morning Shift	05:00–12:00
Evening Shift	15:00–21:00
Custom	Admin-defined times
Rest Day	Scheduled off day

12.2 Staff Work Schedule Setup

For each staff member, configure their master schedule:

1. Go to Super Admin panel → Staff → Work Schedules
2. Set for each day (Mon–Sun):

- **Shift Type** (Full Split / Morning / Evening / Rest Day)

- **Start and End Times**

- **Active** toggle

3. Set **Base Salary** (LKR/month) and **Hourly Rate** (LKR/hour)
4. Set **EPF Eligible** (8% employee + 12% employer) and **ETF** (3% employer)
5. Enter **EPF Registration Number**

12.3 Roster Generation

Generate monthly shift schedules in bulk:

1. Click **"Generate Bulk Roster"**
2. Select staff member(s) and month
3. System creates a `StaffShift` record for every working day based on the master schedule
4. Individual shifts can be edited after generation

12.4 Leave Management

Mark Approved Leave:

1. Find the shift in the roster
2. Click **"Toggle Leave"** → shift status changes to `LEAVE`
3. Enter leave reason
4. Shift is excluded from late/absence calculations

12.5 Attendance Clocking

Manual Clock-In (Admin):

1. Go to Attendance → Clock Staff
2. Select staff member and session (Morning In/Out, Evening In/Out)
3. Optionally enter custom timestamp
4. Save — shift record updates

Automatic (Biometric):

- Staff punch at turnstile → system detects staff role → updates shift record

12.6 Late & Overtime Calculation

The system **automatically computes**:

Calculation	Logic
Late Minutes	Actual punch-in minus scheduled start (per session)
Overtime Minutes	Actual punch-out minus scheduled end

12.7 Sudden Absence Alerts

When an on-shift staff member punches **out during working hours** without approved leave:

1. System triggers a **Sudden Absence Alert** (critical)
2. Alert appears on Super Admin/Admin dashboard
3. Shows: staff name, exit time, minutes off-floor
4. Admin resolves with notes

> **WARNING:**
>
> Unresolved absence alerts generate a penalty in the monthly payroll (default: 1.25× hourly rate per minute).

12.8 Salary Advance (Mid-Month Cash)

Issue a salary advance:

1. Click **"Issue Salary Advance"**
2. Select staff member
3. Enter amount (LKR)
4. Choose payout method: Cash from Till or Bank Transfer
5. Enter reason
6. System generates a unique voucher number: `FM-ADV-YYYY-XXXX`
7. Advance automatically deducted during monthly payroll run

12.9 Monthly Payroll Calculation

Net Salary Formula:

```
Net = (Base Salary + Overtime Pay + PT Commissions)
      − (Late Penalty + Absence Penalty + EPF 8% + Salary Advances)
```

Gym Total Cost (Employer):

```
Total Cost = Net Salary + EPF Employer 12% + ETF Employer 3%
```

Payroll Run Steps:

1. Click **"Recalculate Payroll"** for a specific month
2. System automatically aggregates:

- All shift data for the month
- Late minutes → penalty (at hourly rate)
- Sudden absence penalties
- PT athlete roster → commissions
- Salary advances deducted
- EPF/ETF contributions

3. Review the ledger
4. Click **"Adjust"** if manual corrections needed (with reason)
5. Click **"Finalize Payroll"** — locks the ledger permanently

12.10 Payroll Thermal Slip

Generate a printable 80mm salary slip for each staff member:

- URL: `/payroll//thermal-slip/`
- Shows full breakdown: gross, deductions, net, EPF/ETF

---

13. Financial Operations & Reports

13.1 Operating Expenses (OPEX)

Record all gym expenses:

1. Click **"+ Add Expense"**

2. Fill in:

- **Title** — description of the expense
- **Category**:
- Facility & Building Rent
- Electricity (CEB)
- Water Utility
- Equipment Maintenance & Repairs
- Staff & Coach Payroll
- POS Bar & Supplement Inventory
- Hygiene & Cleaning Supplies
- Internet & Security CCTV
- Marketing, Social & Print Ads
- Other Operational Expenses
- **Amount** (LKR)
- **Date**
- **Payment Method** (Cash / Bank Transfer / Company Card)
- **Receipt Reference** (bill/invoice number)
- **Upload Receipt Photo or PDF** — scan of physical bill

3. Save

13.2 Revenue Tracking

All membership payment receipts are auto-tracked. System aggregates:

- Daily revenue
- Monthly revenue
- Revenue by payment method (cash, card, transfer, online)
- Revenue by plan type

13.3 CSV Exports

Export	URL
Financial Report	`/dashboard/admin/reports/export-csv/`
Members Roster	`/dashboard/admin/reports/export-members-csv/`
Expenses Ledger	`/dashboard/admin/reports/export-expenses-csv/`
Payroll Report	`/dashboard/admin/reports/export-payroll-csv/`

Each CSV downloads instantly with all relevant columns for Excel/Google Sheets.

13.4 End-of-Day (EOD) Report

URL: `/dashboard/admin/reports/eod/`

A daily close-out report showing:

- Total revenue collected today
- Breakdown by payment method
- New members enrolled
- Renewals processed
- POS sales total
- Outstanding pending payments

13.5 Thermal Receipts

All membership receipts are at `/receipt//` in **80mm thermal format**. Receipt contains:

```
■■■■■■■■■■■■■■■■■■■■■■■■■■■■■■■■
■  [Fit Me Logo]              ■
■  Fit Me Fitness Club        ■
■  Pitigala, Sri Lanka        ■
■■■■■■■■■■■■■■■■■■■■■■■■■■■■■■■■
■  Receipt: FM-RCP-2026-0042  ■
■  Member: Kasun Perera       ■
■  PIN: 1042                  ■
■■■■■■■■■■■■■■■■■■■■■■■■■■■■■■■■
■  Monthly Package       4,000■
■  90 Days (01/11–31/01)      ■
■  Annual Registration   1,000■
■  Personal Coaching (1:1) 7,000■
■■■■■■■■■■■■■■■■■■■■■■■■■■■■■■■■
■  TOTAL         LKR 12,000   ■
■  PAID VIA: Cash             ■
■  DATE: 20/10/2026 15:30     ■
■■■■■■■■■■■■■■■■■■■■■■■■■■■■■■■■
```

For **discounted/complimentary** receipts:

- Original price shown crossed out
- Discount line item with "Super Admin Concession" label
- Authorized by name on record

---

14. Assessment Forms

14.1 Nutrition Assessment

Digital equivalent of the "Fitness with Dhananjaya — Nutrition Assessment Form" PDF.

Section	Content
1. Personal Info	Name, DOB, age, gender, height, weight, phone, occupation
2. Fitness Goals	Target weight, timeline, goal importance (0-10), goal checkboxes
3. Weight & Diet History	Highest/lowest adult weight, previous diet plans, diet stop reasons
4. Activity Level	Sedentary/Active/Very Active, work hours, sitting hours, daily steps
5. Exercise History	Currently training, days/week, session duration, preferred time
6. Food Preferences	Dietary type (omnivore/vegetarian/vegan), allergies, cultural restrictions, meal pattern
7. Current Typical Day	Breakfast, lunch, dinner, snacks, water, tea/coffee, alcohol frequency
8. Eating Habits	Outdoor eating frequency, stress/emotional/binge eating, meal skipping
9. Supplements & Meds	Current supplements, medications, vitamin D/iron tests
10. Medical Conditions	Conditions, digestive issues, hormonal, thyroid, PCOS, diabetes, BP
11. Sleep & Stress	Sleep hours, quality, stress level (1-10), causes
12. Member Notes	Additional free-text notes

Coach Review Adds:

- Daily calorie target
- Protein (g), Carbs (g), Fat (g), Water (ml) targets
- Personalized nutrition plan notes

14.2 Workout Assessment

Digital equivalent of the "Fitness with Dhananjaya — Workout Assessment Form" PDF.

Section	Content
1. Personal Info	Name, DOB, height, weight, phone, email, occupation
2. Fitness Goals	Target weight, timeline, motivation level (1-10), goal checkboxes
3. Gym/Exercise History	Experience level, training frequency, session duration, previous training types
4. Physical Assessment	Body fat %, body measurements, self-rated strength/endurance/flexibility (1-5), functional tests (push-ups, squats, plank)
5. Equipment & Access	Gym access, home equipment, preferred gym area
6. Lifestyle & Recovery	Sleep quality, stress level, recovery days, active rest activities
7. Injuries & Medical	Current/past injuries, chronic conditions, physical limitations, medications
8. Preferences	Exercises to avoid, preferred exercises, training split preference, cardio preference

Coach Review Adds:

- Assigned training program
- Recommended training days/week and session duration
- Cardio recommendation
- Personalized workout plan notes

---

15. Nutrition Tracking (Sri Lankan)

15.1 Sri Lankan Food Database

The system includes a **local food database** (`nutrition_lk`) with Sri Lankan foods:

- Rice varieties (white, red, basmati)
- Curries (dhal, fish, chicken, jackfruit, drumstick)
- Bread (hoppers, string hoppers, roti, pol roti)
- Kottu roti, lamprais, pittu, kiri bath
- Fresh fruits, vegetables, coconut milk
- Street snacks (wade, samosa, isso wade)

15.2 Macro Tracking

Each food item contains:

- Calories (kcal)
- Protein (g)
- Carbohydrates (g)
- Fat (g)
- Fiber (g)

15.3 Logging a Meal

1. Navigate to Member Dashboard
2. Click **"+ Log Meal"**
3. Search food: type name (e.g., "rice", "dhal", "hopper")
4. Select portion size
5. Choose meal time
6. System calculates macros and updates your daily fuel rings

15.4 Water Tracking

- Click **"+ Add Water"**
- Quick presets: 150ml, 250ml, 500ml (glass, cup, bottle)
- Custom amount entry
- Daily target: set by coach (default: 2,000–3,000ml)

---

16. Workout & Progress Tracking

16.1 Workout Logging

Log individual exercise sets:

Field	Example
Session Name	"Push Day", "Leg Day"
Exercise	"Bench Press", "Squat"
Sets	4
Reps	10
Weight	60 kg
Notes	"Felt strong today"

16.2 Body Measurements

Track circumference and composition over time:

Metric	Unit
Weight	kg
Chest	cm

Waist	cm
Biceps	cm
Thighs	cm
Body Fat %	%

16.3 Body Check-Ins (Monthly)

Used by coaches and admins for **morph visualizer**:

- Weight (kg)
- Body fat %
- Muscle mass (kg)
- Waist, chest circumference
- Front and side progress photos
- Notes

16.4 Attendance Streak

Attendance is tracked via biometric punches:

- Visit streak: consecutive days attended
- Weekly visit count
- Monthly visit count
- All-time total visits

16.5 Training Programs Available

Category	Example Programs
Hypertrophy & Muscle Build	12-Week Mass Gain, PPL Split
Fat Loss & Shred	HIIT Combo, Metabolic Conditioning
Power & Strength	5/3/1 Powerlifting, Starting Strength
HIIT & Conditioning	Tabata Protocol, CrossFit Style
Bodyweight & Calisthenics	Progressive Calisthenics, Pull-Up Program
1-on-1 Personal Training	Custom coach program

---

17. Announcements & Communications

17.1 Creating an Announcement

1. Super Admin/Admin → **"Post Announcement"**
2. Enter title and content
3. Select priority:

- **Info** (blue) — general updates, schedule changes
- **Warning** (orange) — operational notices, closures
- **Critical** (red) — urgent messages, emergencies

4. Post — appears on all role dashboards immediately

17.2 Email Communications

The system includes a **Mailer module** (`/email/`) for:

- Sending bulk emails to member segments
- Renewal reminder emails
- Welcome emails for new members
- Password reset emails

17.3 Member Ping

From the Admin or Front Desk dashboard:

1. Open member profile
2. Click **"Ping Member"** — sends a notification to their portal
3. Used to alert members of expiring passes, overdue payments, etc.

17.4 Resend Invite

If a member hasn't received or needs a new login email:

1. Open member profile
2. Click **"Resend Invite"** — re-sends welcome email with login credentials

---

18. Public-Facing Features

18.1 Public Registration Form

URL: `/register/`

Walk-in members can fill out the **official 8-section registration form** without logging in. Applications land in the admin queue for approval.

18.2 Contact Form API

URL: `/api/public/contact/`

Website visitors can submit inquiries:

- Name, email, phone, subject, message
- All inquiries stored in **Contact Inquiry** table
- Admin can mark as resolved

18.3 Gym Proposal PDF

The `scripts/generate_proposal_pdf.py` script generates a **professional gym proposal PDF** for corporate or bulk membership inquiries.

---

19. API & Integrations Reference

19.1 REST API (v2)

Base URL: `/api/v2/`

Auth: JWT Bearer Token (via `/api/v2/token/refresh`)

Docs: `/api/v2/schema/ui/` (Swagger) or `/api/v2/schema/redoc/` (ReDoc)

Endpoint Group	Base Path
Workout Routines	`/api/v2/routine/`
Exercises	`/api/v2/exercise/`
Nutrition Plans	`/api/v2/nutritionplan/`
Ingredients	`/api/v2/ingredient/`
Weight Entries	`/api/v2/weightentry/`
Measurements	`/api/v2/measurement/`
Trophies	`/api/v2/trophy/`

19.2 ZKBio Bridge API

Endpoint	Method	Purpose
`/api/zkbio/punches/`	POST	Receive real-time door punch events
`/api/zkbio/commands/poll/`	GET	Daemon polls for pending commands
`/api/zkbio/commands//ack/`	POST	Mark command as executed
`/api/zkbio/members/`	GET	Sync active member list to hardware
`/api/profile/update-photo/`	POST	Upload face photo for biometric enrollment

Authentication: Bearer Token (`ZKBIO_BRIDGE_TOKEN` environment variable)

19.3 Dashboard APIs

All dashboard actions use internal JSON APIs:

API	Method	Action
`/dashboard/api/applications/create/`	POST	Submit new member application
`/dashboard/api/applications//approve/`	POST	Approve an application
`/dashboard/api/record-payment/`	POST	Record subscription payment

`/dashboard/api/desk/lookup/`	GET	Search member by name/PIN
`/dashboard/api/members//profile/`	GET	Full member profile JSON
`/dashboard/api/log-workout/`	POST	Log a workout session
`/dashboard/api/log-measurement/`	POST	Record body measurements
`/dashboard/api/log-water/`	POST	Add water intake
`/dashboard/api/payroll/recalculate/`	POST	Recalculate payroll for a month
`/dashboard/api/expenses/create/`	POST	Add OPEX expense

19.4 Assessment APIs

Endpoint	Method	Access
`/api/assessments/nutrition/submit/`	POST	Member
`/api/assessments/workout/submit/`	POST	Member
`/api/assessments/nutrition//review/`	POST	Coach
`/api/assessments/workout//review/`	POST	Coach
`/api/assessments/pending/`	GET	Coach / Admin
`/api/assessments/my/`	GET	Member

19.5 Health Check

URL: `/health/`

Method: GET

Response: `{"status": "ok", "database": "connected"}` (200) or 503 if DB error

---

20. Quick Reference & Keyboard Shortcuts

Role Quick Navigation

Who You Are	Your Dashboard	Key Actions
Super Admin	`/dashboard/admin/`	Plan Builder, User Roles, Payroll Finalize, Discount Audits
Admin	`/dashboard/admin/`	Applications, Payments, Reports, Staff Clock-In
Front Desk	`/dashboard/front-desk/`	Member Lookup, Walk-In Registration, Biometric Enrollment, POS
Coach	`/dashboard/coach/`	Athlete Roster, Assessment Review, Workout/Nutrition Plans
Member	`/dashboard/member/`	Food Log, Water, Workout Log, Body Measurements, Renew Pass

Common Receipt & Report URLs

Function	URL
View Receipt	`/receipt//`
Payroll Slip	`/payroll//thermal-slip/`
Advance Voucher	`/advances//thermal-voucher/`
EOD Report	`/dashboard/admin/reports/eod/`
Export CSV	`/dashboard/admin/reports/export-csv/`

Key Business Rules

Rule	Value
Registration Fee	LKR 1,000 (new members)
Student Age Limit	18 years and under
Anti-Passback Cooldown	60 seconds
EPF Employee Rate	8%
EPF Employer Rate	12%
ETF Employer Rate	3%
Absence Alert Trigger	20+ minutes off-floor without leave
Absence Penalty Multiplier	1.25× hourly rate
Coach PT Commission	LKR 4,000 per dedicated athlete/month
Standard Coaching Fee	LKR 7,000/month add-on
Biometric PIN Range	1001 – 9999 (auto-assigned)
